- [Appendix B: Disparity indexes for 2000-2010 are compared](#)
- [Appendix C: Missouri Department of Conservation Vehicle Stops Report](#)

I. BACKGROUND

Concerns by the citizens of Missouri and the Missouri legislature regarding allegations of racial profiling by law enforcement prompted the passage of state law [Section 590.650](#), RSMo (2000), which was enacted Aug. 28, 2000. Racial profiling has been defined as the inappropriate use of race by law enforcement when making a decision to stop, search or arrest a motorist.

Missouri's state law requires that all peace officers in the state report specific information including a driver's race for each vehicle stop made in the state. Law enforcement agencies are required to turn in the data to the Attorney General, and the Attorney General is required to compile the data and report to the Governor no later than June 1 of each year. The law allows the Governor to withhold state funds for any agency that does not comply with the law. State law requires that all information be reported to the Attorney General's Office by March 1.

The summary of statewide racial profiling data has been provided by Scott H. Decker, professor and director of the School of Criminology and Criminal Justice at Arizona State University; Richard Rosenfeld, professor in the Department of Criminology and Criminal Justice at the University of Missouri-St. Louis; and Jeffrey Rojek, assistant professor in the Department of Criminology and Criminal Justice at the University of South Carolina.

Table 1. 2012 statewide summary of results

Key Indicators	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Population	4,730,501	3,914,998	515,828	139,109	80,677	19,168	60,721
Stops	1,635,477	1,298,932	278,964	28,642	14,011	1,343	13,585
Searches	104,535	72,131	28,322	3,044	453	86	499
Arrests	78,584	53,963	21,445	2,404	354	70	348
Statewide population %	100%	82.76%	10.90%	2.94%	1.71%	.41%	1.28%
Disparity index	---	.96	1.57	.60	.50	.20	.65
Search rate	6.39%	5.55%	10.15%	10.63%	3.23%	6.40%	3.67%
Contraband hit rate	23.41%	25.54%	18.75%	16.92%	19.96%	22.09%	24.14%
Arrest rate	4.80%	4.15%	7.69%	8.39%	2.53%	5.21%	2.56%

Notes: Population figures are 2010 census estimates for persons 16 and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.

Contraband hit rate = (searches with contraband found / total searches) X 100.

Arrest rate = (arrests / stops) X 100.

[[back to top](#)]

II. STATEWIDE FINDINGS

This report summarizes the data from 617 law enforcement agencies in Missouri for calendar year 2012. An additional 39 agencies indicated they made no traffic stops during the year. This represents 96% of the 682 law enforcement agencies in the state.

The agencies filing reports recorded a total of 1,635,477 traffic stops, resulting in 104,535 searches and 78,584 arrests. [Table 1](#) breaks out the stops, searches and arrests by race and ethnic group. [Footnote 1](#)

Four summary indicators are included in Table 1 that may be useful in initiating further assessments of racial profiling in traffic stops. The first, termed the "disparity index," relates each group's proportion of total traffic stops to its proportion of the driving-age population 16 years-old and older. [Footnote 2](#)

A value of 1 on this index indicates that a group's proportion of vehicle stops equals its population proportion: it is neither "under-represented" nor "over-represented" in vehicle stops. Values above 1 indicate over-representation, and those below 1 indicate under-representation. For example, the 1,298,932 whites who were stopped accounted for 79.4% of all traffic stops in 2012.

Whites comprise an estimated 82.8 percent of Missouri's driving age population. The value for whites on the disparity index is, therefore, .96 (.794/.828). Whites were stopped, in other words, at slightly below the rate expected based on their fraction of the estimated population age 16 and older.

The same is not the case for several of the other groups. African-Americans represent 10.90% of the population sixteen years and older but 17.06% of all traffic stops, for a value on the disparity index of 1.57. African-Americans were stopped at a rate 57% greater than expected based solely on their proportion of the population sixteen and older.

Hispanics, Asians, American Indians, and persons of mixed or unknown race were stopped at rates well below their proportion of the driving-age population. The values on the disparity index for the different groups can be compared directly to one another. For example, the likelihood that a black motorist was stopped is 1.64 times that of a white motorist (1.57/.96). In other words, blacks were 64% more likely than whites to be stopped based on their respective proportions of the Missouri driving-age population in 2012.

The disparity index is a gauge of the likelihood drivers of a given race or ethnic group are stopped based on their proportion of the residential population 16 and older, and not on the population of motorists on the state's streets, roads and highways. A group's share of the residential population 16 and older may or may not equal its proportion of drivers.

Although in most instances the two proportions should be close, that may not always be the case.

The extremely low Disparity Index value for American Indians, for example, could indicate that they are under-represented among the state's motorists. In addition, motorists from other states are stopped on Missouri's roadways. To the extent that out-of-state drivers do not reflect the race and ethnic composition of Missouri's population, the Disparity Index will not accurately portray the probability that Missouri residents are stopped.

The second indicator that can be used to assess racial profiling is the "search rate," or the number of searches divided by the number of stops (x 100). (Searches include searches of drivers or property in the vehicle.)

The search rate for all motorists who were stopped is 6.4 percent. Asians were searched at a rate well below the statewide average; Blacks and Hispanics were searched at rates above the average for all motorists who were stopped.

The search rate for the different groups also can be compared directly with one another. Blacks were 1.83 times more likely to be searched than whites (10.15/5.55). Hispanics were 1.91 times more likely than whites to be searched (10.63/5.55).

The reasons for conducting a search and the outcome of the search (such as finding contraband) should be considered when making comparisons across groups.

Some searches are conducted with the consent of the driver, or because the officer observed suspected contraband in plain view, had reasonable suspicion that an individual may possess a weapon (Terry search), or other reasons. These searches may or may not result in an arrest.

Other searches are conducted incident to arrest, which means there is no other reason given for the search other than arrest. Searches are almost always performed when there is an outstanding arrest warrant, whether or not contraband may be present.

The third summary indicator, the “contraband hit rate,” reflects the percentage of searches in which contraband is found. Contraband was found in 23.4% of all searches that were conducted in 2012. There is considerable variation, however, in the contraband hit rate across race and ethnic groups.

The contraband hit rate for whites was 25.5%, compared with 18.8% for Blacks and 16.9% for Hispanics. This means that on average searches of Blacks and Hispanics are less likely than searches of whites to result in the discovery of contraband. This difference may result in part from the higher arrest rates for blacks and Hispanics, circumstances that compel a search.

The “arrest rate” is the **fourth summary indicator** included in Table 1 that may be useful for assessing racial profiling. Just under 5% of all traffic stops resulted in an arrest (78,584/1,635,477). The probability of arrest varies across the race and ethnic groups.

Approximately 7.7% of the stops of African-Americans and 8.4% of the stops of Hispanics resulted in arrest, compared with 4.2% of the stops of whites. African-Americans and Hispanics are searched more often than whites, but they are arrested more often as well.

There are two appendices to this year’s full report. Appendix A presents the vehicle stop analysis using the statewide proportions of race and ethnicity, rather than those for each jurisdiction.

This year’s report compares the 2012 disparity index to the disparity index for 2000 through 2011. These comparisons are presented in Appendix B.

For each agency, the disparity index for each race-ethnic group is presented for the years 2000-2012. For the state as a whole, the key indicators generally show small changes between 2011 and 2012.

A reasoned determination of the existence of racial profiling in a community requires a comprehensive evaluation of the full range of information compiled in the agency reports. This brief summary of selected indicators for the state as a whole is intended to stimulate those local evaluations and dialogue.

ANALYSIS BY ATTORNEY GENERAL CHRIS KOSTER

Thirteen years ago Missouri released its first report on vehicle stop data. This report represents the thirteenth annual analysis of vehicle stop data in Missouri, a review that includes information about 1,635,477 million stops by law enforcement in the state during 2012. The report can be compared to data going back to 2000 on the Attorney General's website at ago.mo.gov.

The analysis in 2005, 2006, 2007, 2008 and 2009 used census estimates to reflect the changes in Missouri's population since the 2000 census. That census was the benchmark for the previous five reports. The 2010, 2011 and 2012 analysis used census estimates from the 2010 census.

As our state's population changes in number and demographics, these census estimates can help provide a more accurate benchmark to analyze the data.

The overall number of stops reported decreased in 2012. As it has in the past, the disparity index for African-American drivers continues to be of significant concern. The disparity index for African-American drivers decreased slightly from 1.63 in 2011 to 1.57 in 2012. The disparity index for Hispanic drivers also decreased from .65 in 2011 to .60 in 2012. However, both groups continue to have search rates significantly higher than that of white drivers.

These findings continue a disturbing trend for African-American drivers in Missouri. Specifically, the disparity indexes for African-American drivers have increased in each of the last eight years except 2010 and 2012, exhibiting disparity indexes of 1.42 in 2005, 1.49 in 2006, 1.58 in 2007, 1.59 in 2008 and 1.62 in 2009, a slight decrease in 2010 to 1.61, 1.63 in 2011 and then a slight decrease to 1.57 in 2012. In fact, the disparity rate for African-American drivers has gone down only three times in the history of the report, and then only slightly, to 1.34 in 2004 from 1.36 in 2003, to 1.61 in 2010 from 1.62 in 2009 and to 1.57 in 2012 from 1.63 in 2011. Stated another way, the disparity index for African-American drivers has increased in ten of the last thirteen years. The 2012 disparity rate of 1.57 compares to a rate of 1.27 thirteen years ago. African-American drivers were 64 percent more likely than white drivers to be stopped based on their proportion of driving-age population in 2012, compared to 30 percent more likely than white drivers in 2000.

With 617 law enforcement agencies conducting vehicle stops in Missouri, there is no single explanation why these disparities exist. This report provides statistical information so the data from each agency can be examined, and appropriate questions asked of those agencies.

In 2004, state law was changed to require law enforcement to include investigative vehicle stops in their reports, in addition to the stops for traffic violations.

One of the best uses of these reports is as a springboard for dialogue and communication between law enforcement agencies and the communities they serve. It is vital that Missouri law enforcement agencies continue to review the rates of stops and searches and to continue their outreach efforts.

Statistical disproportion does not prove that law enforcement officers are making vehicle stops based on the perceived race or

ethnicity of the driver. The compilation and analysis of data, however, does provide both law enforcement and the community with a starting point for dialogue to appreciate each other's perspective and arrive at common ground.

I am proud that Missouri took a leading role, under the stewardship of then-Attorney General Nixon, Governor Carnahan and many in the legislature, in passing legislation requiring the collection and examination of vehicle stop data on this scale. I pledge to continue that tradition in carrying on the detailed and critical examination necessary to ensure fairness to Missouri's law enforcement application. It is my hope that this report may serve as a springboard to open dialogue and legislative review.

We continue to show that commitment through laws that require each law enforcement agency not only to have a written policy regarding racial profiling, but also to provide additional training to officers and to promote the use of effective, non-combative methods for carrying out their duties in a racially and culturally diverse environment.

Missouri's law enforcement members continue to do commendable work in the face of many challenges. I appreciate their efforts and willingness to compile the information for these annual reports.

The number of agencies that did not comply with the vehicle stops reporting law in 2012 decreased to 23. This represents a slight decrease from 2011 when 25 departments failed to report. Failure to report is unacceptable and should be considered so by the General Assembly. A list of these agencies has been turned over to the Governor for imposition of the statutory sanctions.

Along with the data, several individual law enforcement agencies provided other information about factors that may impact their numbers. The reader should consider these factors when examining the data.

Law-abiding drivers have the right to travel throughout Missouri without the fear that they will be stopped based solely on their race or ethnicity. I am confident that Missourians of all races and ethnic groups and law enforcement officers from throughout the state agree with me.

[[back to top](#)]

FOOTNOTES

Footnote 1: Hispanics may be of any race. About 1 percent of the population designated two or more races. These persons are included in the "other" category along with persons of unknown race.

Footnote 2: The population totals in the table are from the 2010 Census.

Footnote 3: Caution should be used when comparing 2000 to subsequent years, especially for smaller agencies, because the 2000 figures are based on only four months of traffic data, while those for subsequent years are based on the full calendar year.

Footnote 4: The Department of Conservation attempted to timely submit their data report, but due to a technical error, it was not received such that it could be included in the statistical analysis. Nevertheless, the Department of Conservation's 2012 data are presented here in Appendix C.

Enforcement

The Attorney General's Office works with law enforcement to fight crime and protect the safety and welfare of all Missourians. [Public Safety Division](#) attorneys serve as general counsel for several law enforcement agencies such as the [Highway Patrol](#) and [Water Patrol](#). The division's Meth Prosecution Strike Force can assist law enforcement in investigating and prosecuting methamphetamine cases throughout the state.

The High Technology and Computer Crime Unit assists law enforcement in investigating computer- and Internet-related crimes. The team helps law enforcement with investigative and legal issues, providing language for search warrant applications, executing search warrants, and securing and analyzing computer and digital evidence in its Jefferson City forensic lab.

The High Tech Unit and [Missouri Deputy Sheriffs' Association](#) periodically present regional two-day training programs. These POST-certified, 12-hour programs introduce officers to the challenges presented by the increased use of computers and Internet to commit crime.

Participants learn how to conduct online investigations, and search, seize and secure computer systems and digital evidence.

[Vehicle Stops Reports](#)

Training available

Several attorneys in the AG's Office are certified to teach law enforcement classes. They are available to train law enforcement personnel on a broad range of topics including:

- ♦ Criminal law
- ♦ Search and seizure
- ♦ Laws of evidence
- ♦ Civil liability
- ♦ Constitutional law
- ♦ Racial profiling

Agencies interested in training email the [AG's office](#).

Missouri law enforcement officials are required by state law to report certain information on all traffic stops conducted in the state.

The Attorney General requests that all law enforcement agencies **electronically file** their annual reports.

Detailed reporting on vehicle stops in Missouri for the years 2000-2011 can be accessed through the [vehicle stops report home page](#).

If you have any questions, please [e-mail Cindy Lowry](#) or call her at 573-751-8828.

For more information, see the Attorney General's [frequently asked questions page](#) on this subject.

Incident Report Form

An [incident report form](#)  was developed by the Missouri Press Association, Police Chiefs Association, Sheriffs' Association and Attorney General's Office with the understanding that it complies with the Sunshine Law. The form is **not** mandated and is **not** intended to replace any valid incident report already being used by agencies. The PDF form is coded and can be filled out on the computer.

2012 Vehicle Stops Report

Attorney General Chris Koster

Concerns by the citizens of Missouri and the Missouri legislature regarding allegations of racial profiling by law

enforcement prompted the passage of state law [Section 590.650](#), RSMo (2000), which was enacted Aug. 23, 2000. Racial profiling has been defined as the inappropriate use of race by law enforcement when making a decision to stop, search or arrest a motorist.

Missouri's state law requires that all peace officers in the state report specific information including a driver's race for each vehicle stop made in the state. Law enforcement agencies are required to turn in the data to the Attorney General, and the Attorney General is required to compile the data and report to the Governor no later than June 1 of each year. The law allows the Governor to withhold state funds for any agency that does not comply with the law. State law requires that all information be reported to the Attorney General's Office by March 1.

The analysis of statewide racial profiling data has been provided by Scott H. Decker, professor and director of the School of Criminology and Criminal Justice at Arizona State University; Richard Rosenfeld, professor in the Department of Criminology and Criminal Justice at the University of Missouri-St. Louis; and Jeffrey Rojek, assistant professor in the Department of Criminology and Criminal Justice at the University of South Carolina.

When is the annual report for law enforcement agencies for 2012 vehicle stops due?

The report from law enforcement agencies was due **March 1, 2013**. The Attorney General requests that all law enforcement agencies **electronically file** their annual reports. A letter providing agencies with a password to complete the submission will be sent to all agencies in mid-December. If your agency still needs a password, please call or [e-mail Cindy Lowry](#) at **573-751-8828**. Once you go online and enter your password, you will need to complete the mandatory annual report form and six vehicle stops by race forms.

[[back to top](#)]

If my law enforcement agency used a private vendor to compile vehicle stop data, does my agency still need to submit data on the Attorney General's annual report form?

Yes. Under [Section 590.650 of Missouri Revised Statutes](#), the Attorney General determines the format of the annual report. All agencies, even those that used private vendors to help compile information, should use the Attorney General form. This will ensure that we have consistent data statewide.

[[back to top](#)]

Vehicle stop information form

The [vehicle stop information form](#)  is not required by state law or regulations. However, information on this form is required on the annual report form.

Which stops are counted on the traffic forms?

Your law enforcement agency needs to report to the Attorney General's Office only those stops made for alleged motor vehicle violations or for investigative purposes. Other stops, such as those made at checkpoints, are not included in the year-end report.

[[back to top](#)]

Question 1 on the form: Does the total number of reasons for stops (moving, equipment, license, investigative) need to equal or exceed the total number of vehicle stops?

Yes. Example: Driver stopped for speeding and no tail light would have two violations — moving and equipment.

[[back to top](#)]

Question 1 on the form: What does CVE mean under moving violation categories?

CVE means "commercial vehicle enforcement." For example, a violation of Section 304.170, RSMo, relating to width and load restrictions for trucks, would fall under this

category.

[[back to top](#)]

Question 2 on the form: When should the officer check the "No Action" box?

The officer should only check "No Action" when the officer does not issue a citation or a written or verbal warning.

[[back to top](#)]

Question 3 on the form: Why does driver's race/minority status recommend that an officer's visual observation determine the response?

Departments in other states that track the driver's race for vehicle stops use visual observation for two reasons:

1. If an officer is profiling based on race, that officer is deciding to pull the driver over based on the officer's perception of that driver's race.
2. If the officer questions the driver about his race, the driver may become confrontational or think his rights are being violated.

[[back to top](#)]

Question 6 on the form: For location of vehicle stop, should an officer check "city street" if a stop is made on a state highway that runs through a city?

The officer should check "state highway." Also, the officer should check the applicable box based on the location where the officer signaled the driver to stop.

[[back to top](#)]

Question 7 on the form: If an officer conducts a passenger-only search, should the officer indicate that a search was conducted?

No. However, you must check "Yes" if Question 8 (search of driver and/or property) is checked.

☐ COUNTY ROAD ☐ CITY STREET ☐ OTHER

7 WAS A SEARCH INITIATED? ☐ YES ☐ NO

If YES, probable cause/authority for search (✓ all that apply)

☐ CONSENT ☐ INVENTORY ☐ DRUG/ALCOHOL ODOR
☐ INCIDENT TO ARREST ☐ PLAIN VIEW CONTRABAND ☐ OTHER
☐ DRUG DOG ALERT ☐ REASONABLE SUSPICION-WEAPON (TERRY STOP)

8 WHAT WAS SEARCHED?

☐ DRIVER ONLY ☐ PROPERTY ONLY ☐ DRIVER AND PROPERTY

9 DURATION OF SEARCH

☐ 0-15 MINUTES ☐ 16-30 MIN. ☐ 31+ MIN.

10 WAS CONTRABAND DISCOVERED? ☐ YES ☐ NO

If YES, type of contraband (✓ all that apply)

☐ DRUGS/ALCOHOL/PARAPHERNALIA ☐ CURRENCY
☐ WEAPON ☐ STOLEN PROPERTY ☐ OTHER

11 WAS DRIVER ARRESTED? ☐ YES ☐ NO

12 IF ARREST MADE, CRIME/VIOLATION ALLEGED (✓ all that apply)

☐ OUTSTANDING WARRANT ☐ OFFENSE AGAINST PERSON
☐ RESISTING ARREST ☐ DRUG VIOLATION ☐ DWI/BAC
☐ PROPERTY CRIME ☐ TRAFFIC VIOLATION ☐ OTHER

Revised September 2004

VEHICLE STOP INFORMATION

DATE TIME ☐ AM ☐ PM
MM DD YY

1 VIOLATION RESULTING IN STOP (✓ all that apply)

☐ MOVING ☐ EQUIPMENT ☐ LICENSE ☐ INVESTIGATIVE

If a “moving” violation, (✓ category of violation)

☐ SPEED ☐ LANE VIOLATION ☐ FOLLOW TOO CLOSE
☐ CVE ☐ FAIL TO SIGNAL ☐ OTHER MOVING VIOLATION

2 RESULT OF STOP (✓ all that apply)

☐ CITATION ☐ WARNING ☐ NO ACTION ☐ OTHER

3 DRIVER'S RACE/MINORITY STATUS (based only on visual observation)

☐ WHITE ☐ BLACK/AFRICAN-AMERICAN ☐ HISPANIC/LATINO
☐ AMERICAN INDIAN/ALASKA NATIVE ☐ ASIAN ☐ OTHER/UNKNOWN

4 DRIVER'S AGE ☐ UNDER 18 ☐ 18-29 ☐ 30-39 ☐ 40+

5 DRIVER'S GENDER ☐ MALE ☐ FEMALE

6 LOCATION OF STOP

☐ INTERSTATE HIGHWAY ☐ U.S. HIGHWAY ☐ STATE HIGHWAY
☐ COUNTY ROAD ☐ CITY STREET ☐ OTHER

7 WAS A SEARCH INITIATED? ☐ YES ☐ NO

If YES, probable cause/authority for search (✓ all that apply)

☐ CONSENT ☐ INVENTORY ☐ DRUG/ALCOHOL ODOR
☐ INCIDENT TO ARREST ☐ PLAIN VIEW CONTRABAND ☐ OTHER
☐ DRUG DOG ALERT ☐ REASONABLE SUSPICION-WEAPON (TERRY STOP)

8 WHAT WAS SEARCHED?

☐ DRIVER ONLY ☐ PROPERTY ONLY ☐ DRIVER AND PROPERTY

9 DURATION OF SEARCH

☐ 0-15 MINUTES ☐ 16-30 MIN. ☐ 31+ MIN.

10 WAS CONTRABAND DISCOVERED? ☐ YES ☐ NO

If YES, type of contraband (✓ all that apply)

☐ DRUGS/ALCOHOL/PARAPHERNALIA ☐ CURRENCY
☐ WEAPON ☐ STOLEN PROPERTY ☐ OTHER

11 WAS DRIVER ARRESTED? ☐ YES ☐ NO

12 IF ARREST MADE, CRIME/VIOLATION ALLEGED (✓ all that apply)

☐ OUTSTANDING WARRANT ☐ OFFENSE AGAINST PERSON
☐ RESISTING ARREST ☐ DRUG VIOLATION ☐ DWI/BAC
☐ PROPERTY CRIME ☐ TRAFFIC VIOLATION ☐ OTHER

Revised September 2004

Agency: Adair County Sheriff's Dept.

Population: 21,226

age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	484	464	9	6	3	1	1
Searches	32	32	0	0	0	0	0

Agency response

The City of Blue Springs, Missouri is located in Jackson County and is a suburb of Kansas City, Missouri being located nineteen miles east of downtown Kansas City. The city is located along three major highways, Interstate 70, US Route 40 and State Route 7. Many motorists traveling between Kansas City and St. Louis stop in Blue Springs to take advantage of restaurants, lodging, shopping and recreational opportunities. A large shopping area in the area of Interstate 70 and Adams Dairy Parkway, as well as shopping along the 7 Highway corridors attract many motorists from throughout the Kansas City Region. Of the 6,809 stops in 2012, 53.9% of the drivers were residents of Blue Springs while 46.1% were non-residents. The demographics of Blue Springs vary greatly from the demographics of Kansas City and Jackson County areas.

Agency response

We have 4 major shopping centers, and 6 strip malls with a total of 175 retail stores and 10 banks. We have 2 major interstate highways that access our city bringing approximately 170,000 vehicles thru our city per day. Our daytime population inflates to approximately 50,000 people. Brentwood is located centrally in the St. Louis Metropolitan area and in close proximity to the St. Louis County Government Center, Jail and Courts. The Metro light rail system has a substation in our city with an attached 10 story parking garage that accommodates 1200 parking spaces. Our police department's racial profiling data for 2012 is consistent with data compiled for the past ten years for our police department.

Agency response

The City of Bridgeton is located near Lambert Airport and consists of a small residential population. There are three major interstate highways; namely, 70, 270 and 370 that run through the City. Also, US highway 67 (Lindbergh), St. Charles Rock Road and Natural Bridge Road are major thoroughfares which also run through the City of Bridgeton. There is a large transient population and work force with many hotels and large industrial employers with in Bridgeton's boundaries.

Agency response

The City of Charlack has Interstate I-170 within our jurisdiction which includes one entrance ramp to southbound I-170 from St. Charles Rock Road and one exit ramp from northbound I-170 onto St. Charles Rock Road. There are also two major industrial courts just outside our jurisdiction which results in high traffic flow on many of our city streets during business hours.

Agency response

The City of Clayton is the county seat for St. Louis County. It contains the courts, government offices, juvenile detention center and the St. Louis County Justice Center, which houses over 1,000 inmates. In addition, Clayton is the home of several major corporations and contains over 6.5 million square feet of office space and one million square feet of retail. It is estimated that over 80,000 people visit Clayton on a daily basis to work, shop or do business. Most of those visiting Clayton reside in the St. Louis Metropolitan Area. Additionally, a number of major thoroughfares run through Clayton carrying commuters from various parts of the county requiring a significant amount of traffic enforcement: I-170, Forest Park Parkway, Hanley Rd., Clayton Rd., Brentwood Blvd. and Forsyth. Therefore, it's felt that for the purposes of this study, the racial makeup of the population should be in direct proportion to that of the St. Louis Metropolitan Area. At the very least, the racial breakdown should be in line with that of St. Louis County as a whole, rather than the resident population of Clayton. If the racial makeup of St. Louis County was used, the disparity index for blacks would be significantly lower.

Agency response

The City of Clinton is located on the main route between the Kansas City metropolitan area and the City of Springfield. As a consequence, a large number of non-Clinton residents pass through the City of Clinton. Approximately 39% of all traffic stops made by the Clinton Police Department in 2010 took place on state highways. Given the number of non-resident drivers stopped on state highways for traffic violations, any comparisons utilizing the population of the City of Clinton are inherently flawed.

Agency response

The City of Des Peres is located at the intersection of Interstate 270 and Manchester Rd. (Missouri Rt. 100). The last traffic study conducted by the Missouri Department of Transportation in 2011 revealed that 41,744 vehicles pass through this intersection daily. In addition, West County Shopping Center, a major shopping mall, along with the corporate headquarters of Edward Jones are located within the city limits.

Agency response

I wanted to make you aware that these numbers we have submitted are not completely accurate for this year, due to a server issue we had with our computer system that caused us to lose data and all records from the period of March 1, 2012 through November 6, 2012. We have made every attempt to recover these records, however all attempts have been unsuccessful, therefore we are unable to re create a factual total of our racial profiling for this time period.

Agency response

The United States Census Bureau shows the City of Florissant's population was 52,145 in 2010. The City of Florissant offers several amenities to the citizens of Florissant, North St. Louis County, and North St. Louis City. The City of Florissant has several business districts, shopping centers, restaurants, department stores, and grocery stores which serve the entire area. As a matter of fact, a number of the surrounding communities do not have department stores and grocery stores, and those residents must come to Florissant to get those services. Also, numerous arterial roadways, including county, state, and a portion of an interstate highway service the city and provide access and travel routes for our citizens the citizens of the surrounding communities. The majority of the traffic stops that the Florissant Police Department makes are on these arterial roadways. A higher ratio of visiting population is due to significantly higher percentages of African-American citizens living in adjacent communities such as Black Jack, Dellwood, Berkeley, and Spanish Lake. The Ferguson-Florissant and Hazelwood School Districts-both of which have schools in our city-have a student ratio of 87% African American. When all of the above factors are taken into consideration, the traffic stops in our annual report are truly representative of the motoring population that travels our city.

Agency response

Frontenac is in the geographic center of St. Louis County, with a large section of I-64 and a major shopping mall in our city. Daytime population increases by the tens of thousands. As communicated to the AG's office, the disparity index formula using only small city demographic data – as opposed to county demographic data – skews the results when compared to a small city such as ours that has few minorities within its borders. The same is true with cities in St. Louis County that have few whites in their racial makeup. Obviously, motorists other than Frontenac include St. Louis County data, which would show that Frontenac stops are directly in line with county demographics. To date, no response has ever been received from the AG's office regarding this request.

Agency response

The City of Gladstone contains many sizable apartment complexes along major thoroughfares in the City that serve as principal connections to U.S. Highway 169, a well-traveled freeway that connects Gladstone to the City of Kansas City, and links our City to the Kansas City International Airport. These apartment complexes offer government-subsidized housing that contain a disproportionate percentage of minority tenants. The City of Gladstone is completely surrounded by urban Kansas City, Missouri. There are several apartment complexes located within Kansas City immediately adjacent to the City of Gladstone and appear to house significant percentages of minority tenants. Several of these apartment complexes are accessible only via Gladstone city streets, generating significant motor vehicle traffic by motorists – including minorities – through Gladstone. In addition, Gladstone experiences considerable vehicular traffic that originates or terminates within Kansas City and does not involve Gladstone residents or their visitors. The combination of freeway access, being surrounded by Kansas City, the concentrations of minority tenants in apartment complexes, the visitor traffic generated by these apartments, and traffic generated from outside our City, attracts a higher percentage of motorists – including minorities – than the proportion of minority residents of the City would suggest. The Gladstone Public Safety Department has established and enforces policies to ensure minorities are not disproportionately subjected to stops or arrests by our police officers. These policies are reinforced by active supervision and training of our law enforcement officers to assure racial profiling or other discriminatory behavior does not exist.

Agency response

Although the City of Glendale is a small bedroom community within the I-270 corridor of St. Louis County, thousands of motorists travel through Glendale each and every day. Three major shopping centers, which are located nearby, increase the daily traffic flow, adding to the normal commuters travelling to and from work, school and play. Our northern border is Missouri State Highway 100 (Manchester Road), which is a major east – west thoroughfare in the St. Louis Metropolitan area, with over 30,000 vehicles per day on average. We have two county arterial roads (Berry Road & Lockwood Avenue), both averaging over 10,000 vehicles per day. We are within a half-mile of Interstate 44, which allows for easy access to the City of St. Louis and other Interstate systems. We are a small city with major metropolitan traffic.

Agency response

The State's report indicated a driving-age population demographic for the City of Grandview as 49.48% White, 38.51% Black and 8.34% Hispanic respectively. However, our true driving demographics are affected by two major influences which are not reflected in the census data. The first is that the City of Grandview is a first tier city to Kansas City, MO which is bisected by I49/U.S. 71 hwy; a major corridor direct to the inner city which maintains a high minority population. Much of our evening traffic is made up of motorists traveling to and from the inner city. Secondly, in 2010, the International House of Prayer opened their international university campus in the city center. This campus brings in several thousand very racially diverse students, which operate motor vehicles on our city streets on a daily basis but which are not represented in the census driving population data. I hope that you find this information useful and that it provides a more accurate representation of the demographics of our driving population. If you need any additional information or clarification, feel free to contact me.

Agency response

The City of Hannibal has both the US 61 and US 36 Highways intersecting within its boundaries. In addition, Hannibal is known as "America's Hometown" and for "Mark Twain" which draws a sizable number of tourists annually. Considering all these factors demonstrates Hannibal's local population as related to race is an inaccurate representation of what local law enforcement officers encounter in the performance of their duties. The statewide population % concerning race is a more accurate representation of the populace officers interact with during the completion of their duties.

Agency response

In 2012 our African American minority driving population of 4.75% was estimated to be comparative of the 2010 census population of approximately 5.4% and car stops on African Americans was approximately 14.2% of all traffic stops. This higher percentage disparity is accounted for by the higher percentage of population from Kansas City, which borders our west city limit, that travel to Independence on a daily basis for jobs, destination shopping and entertainment. In addition, the cities of Raytown and Grandview are in close proximity to Independence and in fact a small portion of Independence is actually in the Raytown school district. A percentage of the population of Raytown and Grandview who, according to the 2010 Census have an African American population of 11.7% and 40.8 % respectively, also travel to Independence on a regular basis. Independence has an Event Arena, Presidential Library, waterpark, new sports center, shopping mall, the very popular Independence Commons Theaters, Bass Pro Complex, Sam's Warehouse, Lowes, Wal-Mart, Home Depot, Target, JC Penney and numerous other new retail stores, restaurants and hotels to name just a few of the draws to this area. The City of Independence has numerous State and Federal Highways that run through it from outlying Kansas City Metro areas. Also as stated, Independence has numerous new shopping centers, entertainment centers and a large shopping mall and complex that provide entertainment and jobs for the metro area that increase and distort our daytime population. The most recent posted 2011 MODOT traffic volume and commercial vehicle counts of I-70 Hwy alone from our western border with Kansas City eastbound to our eastern border with Blue Springs indicates an average daily vehicle count of approximately 99,389 that enter Independence and only 60,583 that proceed eastward. This means that we have an influx of approximately 38,806 vehicles entering Independence as their destination. Assuming these visitors with business in Independence reflect the demographics of neighboring Kansas City it would be logical to assume our daily minority population is much higher and not representative of the census numbers referring only to those who live here. One other point to consider is that the African American population of Independence is growing. The 2000 Census reported the African American population in Independence as 2.6%. The 2010 Census reported the African American population as 5.4% a 2.8% increase between the two Census reports. The Independence Police Department does not tolerate racial profiling. Officers receive annual training on cultural challenges and issues. We are committed to ensuring we maintain accountability and integrity of the racial profiling documentary process which indicates the level of professionalism within the Independence Police Department.

Agency response

Disparity indexes have not fluctuated significantly since the data collection began in 2000. However, these numbers should be interpreted cautiously. Specifically, relying on the census population for ages 16 and over as a benchmark does not provide a realistic picture of the driving population in Kansas City, Missouri at any given time. There are several major thoroughfares that run through the city, including I-29, I-35, and I-70 that contain a large percentage of drivers not reflected in the static census population used for comparison purposes. Additionally, Kansas City is contained within a metropolitan population of approximately 2.0 million, which adds to the commuter population on the major thoroughfares. Also, when examining search rates, the probable cause/authority to search reasons should be considered. By design, the form on which the AG Office submitted the summary report did not include the category Stop Outcome "Other", which accounted for 2,538 stops. The Total Stops figure, however, includes stops associated with this new category. Lastly, KCPD views vehicle stop data collection as one of many tools to address the issue of racial profiling. Other tools in use by the department include training, community programs, and policies.

Agency response

Kirksville is home to two major universities whose enrollment data is not totally reflected in the census figure. Truman State University and Kirksville College of Osteopathic Medicine account for an additional 6,000 students/residents (2009 numbers indicate that 19.3 percent of the Truman students are identified as other than white, and 96 percent come from outside Kirksville, including at least 309 international students). Kirksville is located on one of the few major north-south state highways (Highway 63) that service northern Missouri and southern Iowa. 8,700 vehicles per day travel the highway into and out of town. Kirksville is the largest city for miles and is the cultural/economic hub for a very large area. This expands the pool of those not counted in the city's census information.

Agency response

The City of Kirkwood has two major interstates (I-44 & I-270) which are by a large percentage of the population in the St. Louis County area. There is also a medium-sized shopping center that is located adjacent to I-44. This center contains a Walmart and a Target as the major tenants. On the other side of the street is another medium-sized shopping center that contains a pet store, clothing store and a sports store. All of these attract customers from around the St. Louis metro area.

Agency response

10 out of the 21 stops reported were done on Interstate 44: travelers increasing the population for a short time. Only 16 of the 21 stops were NOT from local jurisdiction: persons traveling. Contraband was located in 3 out of 3 consent searches conducted. 4 of the 6 searches were local persons, with the deputy possibly having knowledge of that person, thus the reason for the search. One entry was made twice by a deputy. 12 of the 21 stops were conducted after daylight hours, during different parts of the year. Laclede County Sheriff's Office does not condone racial profiling. Reason for high Disparity Index: Low population of African Americans locally.

Agency response

Since 2001, The City of Ladue and similar communities throughout Missouri are particularly critical of the Attorney General's Vehicle Stops Report because it does not accurately measure the population of individuals (by race or ethnicity) at risk of being stopped by its police officers. This overly inflates the disparity index in Ladue and these communities making it appear as if their officers are racial profiling. The City of Ladue has developed an interactive system that relies on an internal benchmark for monitoring vehicle stops at the individual officer level; Identified additional methods for evaluating vehicle stops and post stop events (i.e. arrests, searches, etc.) that are more precise than the methods used by the Attorney General; and subjected our vehicle stop data to a more rigorous analysis by a nationally recognized racial profiling expert. As always, the City of Ladue Police Department's "training each year will focus on and shall stress understanding and respect for racial and cultural differences, and develop effective officer behavior in carrying out law enforcement duties in a racially and culturally diverse environment"... Sec. 590.650 RSMo

Agency response

Lafayette County (population of 33,381) adjoins, and is directly east of Jackson County (population of 674,158), a large metropolitan area. Lafayette County is dissected from east to west by Interstate 70, a major national highway. Motorists stopped for violations in Lafayette County represent a much more diverse population than that of Lafayette County itself. The Racial Profiling Data report lists the population at 6,800 for persons 16 years of age and older.

Agency response

The population listed on our Racial Profiling Data/2012 form shows the City of Lake Lotawana as having a population of 1,608. The 2010 census shows our population as 1,939. I would also like to point out our community currently has 1200 homes in the city. Of those homes roughly half of them are full-time residents within the city. The other homes in our community are secondary homes for the home owners. This is a lake community and during the summer months, weekends and holidays our population expands beyond the 2010 census of 1,939.

Agency response

The city of Lake Saint Louis is bordered by I-70 to the north and I-64 bisects the south end. A large shopping center is just north of I-64 and a retail district lies directly to the south. Workers routinely travel both interstate corridors west to the Wentzville GM Plant and to major employers in O'Fallon and other points east. Due to these factors, calculating a disparity index based on comparison of ethnicity of drivers stopped with the ethnicity of the city's population may be misleading due to the transient traffic.

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other

Agency response

The population figures from the 2010 Census do not accurately reflect the demographics of our driving population. Linn State Technical College is based just outside the city limits of Linn and has a diverse student body, most of who drive through Linn on a regular basis. US Highway 50 also runs right through the city and is considered Main Street inside the city limits.

Agency response

I wanted to clarify that the 2010 Census lists the City of Maplewood's total population at 8,046 residents. The City of Maplewood's daytime population is significantly higher because the City has over 450 businesses and our central business district is considered a destination retail and entertainment location. Additionally, the Maplewood Commons Shopping Center, which includes but is not limited to; a Super Walmart and Sam's Club, draws numerous customers from surrounding communities. The Deer Creek Plaza Shopping Center on Hanley Road has recently been remodeled and tenants have leased all available retail business space. The shopping center also contains a Missouri Department of Revenue Office and other state offices. A new car dealership (Mini-Cooper of St. Louis) has also opened on Hanley Road near Deer Creek Plaza Shopping Center, and a CVS Pharmacy has opened at Big Bend Blvd. and Manchester Road. I would further note that the City of Maplewood borders the City of St. Louis, and that Big Bend Blvd. and Hanley Road [within the Maplewood city limits] are heavily traveled thoroughfares leading to and from Highway 40. Manchester Road [within the Maplewood city limits] is also a heavily traveled roadway for traffic traveling to and from the City of St. Louis.

Agency: Marble Hill Police Dept.

Population: 1,154

age 16 and over

Agency response

The City of O'Fallon is located in the center of St. Charles County. We have two major Interstates – I-70/64 and State Highway 79. O'Fallon also has a major arterial roadway – MO K – that connects the three highways from north to south and is a major retail corridor. Because of these heavily traveled roadways, our driver population is more diverse than the census population would indicate, making our disparity index artificially high.

Agency: Old Monroe Police Dept.

Population: 195

age 16 and over

Agency response

The City of Osage Beach is unique in that it lies along the shores of the Lake of the Ozarks, one of the largest man-made lakes in the nation. The City is a major destination resort area and has wide fluctuations in population during the year. The City is also home to Osage Beach Premium Outlets, a shopping mall featuring over 110 stores, which draws tens of thousands of visitors to our city.

Agency: Osage County Sheriff's Dept.

Agency response

The alleged over representation of black subjects in the 2012 Racial Profiling report disparity index is due directly to the two US Highways, US 65 and US 50 which intersect within Pettis County Missouri. In addition to that, Central Missouri University is located 40 miles to the West along 50 Highway in Warrensburg, Missouri. Within Pettis County Missouri is the Tyson chicken processing plant in Dresden, Missouri and both Banquet Foods and Tysons have processing plants in Saline County, one county to the north. While the disparity index shows a 1.97 rate, this still represents the stopping of 45 black subjects are of 783 stops or 3.75 black subjects per month. This is not racial profiling.

Agency: Pevely Police Dept.

Population: 4,043

age 16 and over

Agency response

Raymore was named fastest growing city in Missouri, with a population increase of 72.8% from the 2000 to 2010 census. Growth continues with 60 and 68 residential building permits in 2011 and 2012, respectively. The city limit boundaries touch cities with greater and more diverse populations - KC, Belton and Grandview. Comparing 2011 to 2012, the total number of stops increased 865 or 12.4% while the greatest increase in the disparity index for any category was only +.22 for American Indians. The only category above 1 was 1.88 for blacks which was only an increase of .01 from 2011 to 2012. The disparity for blacks has been as high as 2.97 in 2003 and 2.23 as recently as 2010. Interstate 49 and the location of the only 24-hour Walmart Supercenter in the entire southern portion of the KC metro area brings many non-residents to the city. This Walmart is the highest "call for service" and arrest location in Raymore. Three more officer positions were added to the budgeted strength, increasing stops and other activity.

Agency response

The City of Richmond Heights is a 2.8 sq. mile City incorporated in 1913 located on the western boundaries of the City of St. Louis. Richmond Heights has three miles of U.S. 64 (Highway 40) running directly thru it. I-70 runs north and south from U.S. 64 to the City limits of Clayton. Located in Richmond Heights is the Galleria Shopping Mall and the new Boulevard Shopping District. The Galleria Mall and the Boulevard generate approximately 11 million shoppers or visitors each year. Richmond Heights also borders the City of Clayton, which is the County Seat for St. Louis County. Thousands of vehicles travel thru Richmond Heights on a daily basis due to its geographic location. Estimated daytime population of Richmond Heights is 26,000.

Agency response

The Riverside Department of Public Safety by policy and practice prohibits racial profiling. There are factors which dramatically increase the driving population above Riverside's cited driver-eligible population. Those factors include: a daytime population which grows by 87%; the presence of a riverboat casino; bordering on two major metropolitan cities (Kansas City, MO and Kansas City, KS); and state and federal highway routes traveling through the City with a daily traffic count approaching 300,000 vehicles.

Agency response

The Attorney General's office provides cities the opportunity to present additional information or clarifications which may help put your data in fuller context, e.g. a shopping mall, interstate highway, or major employer in your jurisdiction, and provide a more accurate reflection of the demographics of your driving population. Each year we do exactly that. Smithville's population is 94.1% white. However, there are approximately 1.5 to 2 Million visitors to Smithville Lake each year as well as commuters traveling through Smithville to downtown Kansas City. I personally monitor our statistics as well as the quality of our traffic stops, searches, and arrests. Knowing what I do about our driving population, I do not believe that our numbers are inappropriate. This issue seems to come up each year, and I attribute a lot of the concern and confusion to misunderstanding of the Disparity Index and the lack of knowledge that is based on your population regardless of your driving population. – Chief of Police Jason Lockridge.

Agency: Southwest City Police Dept.

Population: 673

age 16 and over

Agency response

The City of St. Louis is approximately 62 square miles in size and lies at the core of the largest metropolitan area in the state. The City is comprised of 79 diverse neighborhoods and 105 city parks, and is home to a world-class zoo and other major museums and visitor attractions. The City hosts every home game for our three major sports franchises, a multitude of concerts and theatrical performances at various venues, and a set of large regional cultural events which includes the second-largest Mardi Gras celebration in the country. While the data compiled in this report are informative, it is important to note that the disparity indices represent proportions of vehicle stops divided by the proportions of racial categories within the resident population only. As a result, a high disparity rate does not serve as proof of racial profiling. Department policy prohibits racial profiling and officers must adhere to the policy. Every commissioned member of the Department receives yearly training against the practice of racial profiling, as required both by state law and by Department policy. This training is further supplemented and reinforced by periodic courses in related topics such as cultural diversity, ethics, and tactical communication. The Department continues to work with its officers, local leaders, and community partners to identify best practices as they relate to vehicle stops.

Agency response

While the data compiled in this report is informative, any conclusions drawn from the data must be tempered with common sense. For example, population data used to calculate the disparity index does not include members of the minority community that reside in the City of St. Louis and, therefore, increases the diversity of drivers on the road within St. Louis County. Nor does the data reflect that in a majority of traffic stops, police officers do not know the race of the driver prior to initiating the traffic stop. Our Department policy specifies that race-based detentions, traffic stops, arrests, searches and seizures of property are forbidden. In 2012, our Department received 370,811 calls for service; officers made 19,515 full-custody arrests and 90,528 traffic stops with three complaints of racial profiling. All of the complaints were not sustained. All commissioned officers participate in annual cultural diversity, sensitivity training, and specialized training that prohibits the illegal practice of racial profiling. Supervisors review traffic stop data on a quarterly basis to ensure that officers do not engage in biased based policing.

Agency: St. Louis Park Rangers

Agency response

The following conditions may influence minority contacts in St. Peters. Interstate Highway 70 and Missouri Highways 94, 370 and 364 pass through or terminate within the City. Mid-Rivers Mall, a major retail development, is located along Interstate 70 and Highway 370. The community is home to several regionally significant office and professional campuses; and employees of local businesses, commuter traffic and retail customers significantly increase the non-resident driving population.

Agency: St. Peters Ranger Enforcement Div.

Population:

age 16 and over

Agency response

Thank you for the opportunity to provide an explanation regarding the 2012 summary of racial profiling data for the City of Town and Country. It is unfortunate that our disparity index is based upon the population demographics of the City of Town and Country, which has a population of approximately 11,000 people with an African American population of 2.69 percent. Nearly 400,000 motorists travel through our city limits each weekday with the second most voluminous interchange in the state (Interstates 64 and I-270). Our motoring public is reflective of the demographics of the state and St. Louis County, which are comprised of African American populations of 10.9 and 19 percent respectively. The traffic stop data for Town and Country Police Officers indicates that only 3.6 percent of the motorists stopped are residents of Town and Country. The natural implication of this statistic is that the ratio of the race of motorists stopped for violations would reflect state and county demographics, not the City of Town and Country. The Town and Country Police Department is committed to the fair and impartial application of the law while attempting to maintain a safe environment for all people who travel in and through our City limits. A careful examination of the data indicates that our practice matches this policy.

Agency: Tracy Police Dept.

Population: 160

age 16 and over

Search rate	0.00	0.00	0.00	#Error	#Error	#Error	#Error
Contraband hit rate	#Error	#Error	#Error	#Error	#Error	#Error	#Error
Arrest rate	25.00	33.33	0.00	#Error	#Error	#Error	#Error

Notes: Population figures are from the 2010 Census for persons 16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.

Contraband hit rate = (searches with contraband found / total searches) X 100.

Arrest rate = (arrests / stops) X 100.

#Error indicates zero denominator.

Notes: Proportion of stops by racial category/proportion of statewide population of that racial category. A value of 1 indicates local stops within a racial category equivalent to that racial groups proportion in the state population. A value less than 1.0 indicates a lower proportion of stops of that racial group lower than its proportion in the state population. A value greater than 1.0 indicates a higher proportion of that racial group than its proportion of the statewide population.

Missouri Attorney General CHRIS KOSTER

[AGO Home](#)[Agriculture & Environment](#)[Consumer Protection](#)[Law Enforcement](#)[Sunshine Law](#)

Missouri Revised Statutes - Section

590.650[Home](#) [2009 Executive Summary](#) [Sample Form](#) [Rules & Regulations](#) [Frequently Asked Questions](#)

Racial profiling--minority group defined--reporting requirements--annual report--review of findings--failure to comply--funds for audio-visual equipment--sobriety check points exempt. 590.650.

1. As used in this section "minority group" means individuals of African, Hispanic, Native American or Asian descent.
2. Each time a peace officer stops a driver of a motor vehicle, that officer shall report the following information to the law enforcement agency that employs the officer:
 - (1) The age, gender and race or minority group of the individual stopped;
 - (2) The reasons for the stop;
 - (3) Whether a search was conducted as a result of the stop;
 - (4) If a search was conducted, whether the individual consented to the search, the probable cause for the search, whether the person was searched, whether the person's property was searched, and the duration of the search;
 - (5) Whether any contraband was discovered in the course of the search and the type of any contraband discovered;
 - (6) Whether any warning or citation was issued as a result of the stop;
 - (7) If a warning or citation was issued, the violation charged or warning provided;
 - (8) Whether an arrest was made as a result of either the stop or the search;
 - (9) If an arrest was made, the crime charged; and
 - (10) The location of the stop.

Such information may be reported using a format determined by the department of public safety which uses existing citation and report forms.

3.
 - (1) Each law enforcement agency shall compile the data described in subsection 2 of this section for the calendar year into a report to the attorney general.
 - (2) Each law enforcement agency shall submit the report to the attorney general no later than March first of the following calendar year.
 - (3) The attorney general shall determine the format that all law enforcement agencies shall use to submit the report.

4.

(1) The attorney general shall analyze the annual reports of law enforcement agencies required by this section and submit a report of the findings to the governor, the general assembly and each law enforcement agency no later than June first of each year.

(2) The report of the attorney general shall include at least the following information for each agency:

- (a) The total number of vehicles stopped by peace officers during the previous calendar year;
- (b) The number and percentage of stopped motor vehicles that were driven by members of each particular minority group;
- (c) A comparison of the percentage of stopped motor vehicles driven by each minority group and the percentage of the state's population that each minority group comprises; and
- (d) A compilation of the information reported by law enforcement agencies pursuant to subsection 2 of this section.

5. Each law enforcement agency shall adopt a policy on race-based traffic stops that:

(1) Prohibits the practice of routinely stopping members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law;

(2) Provides for periodic reviews by the law enforcement agency of the annual report of the attorney general required by subsection 4 of this section that:

- (a) Determine whether any peace officers of the law enforcement agency have a pattern of stopping members of minority groups for violations of vehicle laws in a number disproportionate to the population of minority groups residing or traveling within the jurisdiction of the law enforcement agency; and
- (b) If the review reveals a pattern, require an investigation to determine whether any peace officers of the law enforcement agency routinely stop members of minority groups for violations of vehicle laws as a pretext for investigating other violations of criminal law; and

(3) Provides for appropriate counseling and training of any peace officer found to have engaged in race-based traffic stops within ninety days of the review.

The course or courses of instruction and the guidelines shall stress understanding and respect for racial and cultural differences, and development of effective, noncombative methods of carrying out law enforcement duties in a racially and culturally diverse environment.

6. If a law enforcement agency fails to comply with the provisions of this section, the governor may withhold any state funds appropriated to the noncompliant law enforcement agency.

7. Each law enforcement agency in this state may utilize federal funds from community-oriented policing services grants or any other federal sources to equip each vehicle used for traffic stops with a video camera and voice-activated microphone.

8. A peace officer who stops a driver of a motor vehicle pursuant to a lawfully conducted sobriety check point or road block shall be exempt from the reporting requirements of subsection 2 of this section.
